Independent Study petitions are generally considered in the semester preceding the Independent Study experience. In no case will registration for an Independent Study be approved after the last day to add a class in that semester. Students should be aware that there are a maximum number of Independent Study credits that can be counted towards course credit for degree requirements. At most, 6 units of coursework may be taken as graduate Independent Study and may be performed under someone other than a student’s adviser.

The student should prepare a proposed plan of study to be completed, and this plan must be described and approved by the Independent Study instructor and the student’s faculty advisor for the Independent Study credits to count toward the 30 required units of coursework for the MEng in EECE and 24 units required for MS in EECE.

Upon completion of the form, print and obtain required signatures, and return to Katie Bay, EECE Office, Brauer 1015.

NOTE:
The EECE Office must receive this request 5 working days prior to the last day to add a course.

Name: ____________________________  Section number: ____________________________
