

Master of Engineering in EECE

NAME: _____

Fall 2017

STUDENT ID: _____

Please review the document that outlines the list of classes offered, and the various requirements. You are requested to draw up a plan for your entire study and bring this to a meeting with Dr. Janie Brennan, who will review and go over the academic requirements.

*This form should be completed, approved and signed by Dr. Brennan and given to Irma Adams by September 1, 2017. **Before turning in, please make a copy for your own records.***

Course Work Plan

Note you should meet all category requirements, and total credits must be equal to 30 units of credits (15 credits of core courses and 15 credits of elective courses). A minimum of 18 credits must be from EECE (E44), and no more than two 400-level courses are permitted.*

*International Students are required to complete the program on time within the 12 month authorized period. There are very limited reasons in the F-1 regulations that allow for extensions. An extension will be very difficult to justify except in unusual circumstances (i.e. pursuing a second degree or illness).

NOTE: International Students must maintain full time status every semester of enrollment.
